

URGENT UPDATE FOR PATIENTS COVID-19- PRACTICE MEASURES

The safety of you our Patients and that of our staff is our number one priority at Cape Road Dental Practice.

We are currently adhering to guidelines and advice provided by [NHS England](#) and undertaking numerous steps to reduce the risk and spread of the virus.

We have removed non- essential items from the surgeries and communal areas.

Our standard protocol in clinical settings includes use of a disposable mask, safety glasses (or face shield) and disposable gloves.

Between every patient the surfaces and chair are disinfected as normal practice protocol.

You can be reassured that we have the highest of standards and our instruments are always cleaned and sterilised in strict accordance with HTM-01-05

We ask that any patients that are experiencing a new, persistent cough or fever stay home and self-isolate for 14 days and to not attend for any booked appointments.

Please contact the surgery on the contacts below to advise us.

It is a difficult time and like many small businesses we are expecting a quieter period, but we are open for business as usual, and thank you for your continued support.

Please feel free to contact us on 01926 491029 or reception@capedental.co.uk for any further help or advice.
